BSW Program Mission Statement:

The mission of the BSW program is to prepare entry-level social work professionals for competent generalist social work practice emphasizing an evidence-based integrated bio-psycho-social approach with diverse persons, families, groups, organizations, and communities in a variety of settings including the unique Houston/ Galveston metropolitan area to improve quality of life and promote social justice.

Generalist practice is the application of a wide variety of theoretical perspectives reflecting an integrated bio-psychosocial approach, professional values and ethics and skills with diverse persons, families, groups, organizations and communities utilizing the planned change process.
