

## **Campus Forum 3/07/17**

Suggestions/Questions from the Audience:

Outdoor theater- people could bring lawn chairs and watch movies, outdoor concerts, could generate revenue for the university

Could work with the community to share funding and activities with the university

Need space for graduation ceremonies- right now is expensive to rent large spaces

Consider green roofs

Forest system is just a "strip" not a whole forest- don't remove habitat potential

Don't want bikes and pedestrians to move north-south on Bay Area Blvd- provide safe paths within the campus

Need a welcome center

Need more meeting space for students and research space for faculty

Concerns about parking availability, convenience, distribution- would like a parking garage

Does the master plan address land purchases?

Does the master plan address capital project funding?
