Enrollment Management Trends: UHCL Pearland Spring Facts at a Glance

This report consists of a 2 year demographic study for Spring terms. The demographic data pages present actual UHCL certified data extracted from a PeopleSoft query for inclusion of each student's most current Academic Plan record. Student level data uses a CBM-001 extract and SCH information is derived from the CBM-001 student report as well. If variance exists when comparing these figures to other previously published reports, it is important to note that these data may follow a different methodology. Totals by school and classification have all been verified with actual certified THECB reports for

¹ Beginning Summer 2010 Ethnic groups were changed by THECB to: White, Black, Hispanic, Asian, American Indian, International, Native Hawaiian/Pacific Islander and Multi-racial

² First Time or Transfer students are recorded on the certified CBM-001 report and represent students entering the reporting institution for the first time but who have previously attended another postsecondary institution at the same level (e.g., undergraduate to undergraduate or graduate to graduate). This does not include an institution's own graduates who re-enter for further education. This variable does include graduate students who are accepted into a master's or doctoral program for the first time.

A "No" for this variable would indicate a continuing or returning student.

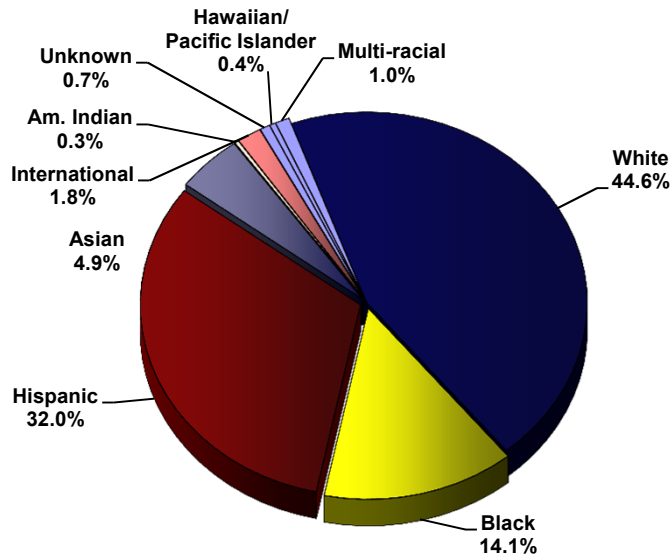

³ Residency represents the county, state, or foreign country of which the student is a resident as identified by the student as his/her permanent address at the time of application to the institution. This variable should not be used to identify how students are actually charged tuition as other factors are involved in that determination.

⁴ Tuition status indicates the status of the student for tuition purposes. For Spring 2006 new measures were implemented to provide a greater level of accuracy for this variable. However, this variable is not a reliable indicator for how tuition may have actually been charged to students.
