In some instances a student's ACADPLAN or school does not match the CIP code major reported to the THECB. OIR cannot change certified data nor can a student's ACADPLAN be modified by OIR. Please use your discretion when interpreting results.

Questionable CIP codes that were not applicable to the school were placed in the non-declared major CIP code.

Questionable CIP codes refer to CIP codes that do not pertain to the school in which they were assigned (i.e., a BUS CIP placed in HSH would be questionable).

The incorrect SCE CIPS are listed below:

(1 ugrad student) 52020100 Business Administration and Management - Summer 2011

As of summer 2008, the THECB has become more stringent with student classifications and requires all graduate students to have a valid bachelors degree posted; otherwise they are classified as undergraduates.

Please use your discretion when interpreting results. Thank you.

Note: These data are for the School of Science and Computer Engineering. If a program had zero data for Summer 2011 it was not included in the demographic trend analysis. If cells are blank then that program did not contain data pertaining to that career or term. Non-declared majors are not included in the detail - refer to the Facts at a Glance Report. Please contact OIR for any questions. Thank you.

In accordance with IPEDs, as of summer 2010 there are two additional ethnic origin categories listed.

Note: These data are for the School of Science and Computer Engineering. If a program had zero data for Summer 2011 it was not included in the demographic trend analysis. If cells are blank then that program did not contain data pertaining to that career or term. Non-declared majors are not included in the detail - refer to the Facts at a Glance Report. Please contact OIR for any questions. Thank you.

In accordance with IPEDs, as of summer 2010 there are two additional ethnic origin categories listed.

Note: These data are for the School of Science and Computer Engineering. If a program had zero data for Summer 2011 it was not included in the demographic trend analysis. If cells are blank then that program did not contain data pertaining to that career or term. Non-declared majors are not included in the detail - refer to the Facts at a Glance Report. Please contact OIR for any questions. Thank you.

In accordance with IPEDs, as of summer 2010 there are two additional ethnic origin categories listed.

Note: These data are for the School of Science and Computer Engineering. If a program had zero data for Summer 2011 it was not included in the demographic trend analysis. If cells are blank then that program did not contain data pertaining to that career or term. Non-declared majors are not included in the detail - refer to the Facts at a Glance Report. Please contact OIR for any questions. Thank you.

Note: In some instances a cip code was given an additional digit at the end, in order to further aggregate the data.

Note: These data are for the School of Science and Computer Engineering. If a program had zero data for Summer 2011 it was not included in the demographic trend analysis. If cells are blank then that program did not contain data pertaining to that career or term. Non-declared majors are not included in the detail - refer to the Facts at a Glance Report. Please contact OIR for any questions. Thank you.

In accordance with IPEDs, as of summer 2010 there are two additional ethnic origin categories listed.

Note: These data are for the School of Science and Computer Engineering. If a program had zero data for Summer 2011 it was not included in the demographic trend analysis. If cells are blank then that program did not contain data pertaining to that career or term. Non-declared majors are not included in the detail - refer to the Facts at a Glance Report. Please contact OIR for any questions. Thank you.

Note: In some instances a cip code was given an additional digit at the end, in order to further aggregate the data.

University of Houston-Clear Lake: Office of Institutional Effectiveness
Listing of Programs by ACADPLAN CIP CODE with associated Program Review Labels for Dean's Review
Using Summer 2011 Certified CBM-001 Data with ACADPLAN detail

Note: In order to develop a system of standardized reporting, OIR is reviewing the various programs identified in the CBM-001 report in order to create a standard SPSS syntax that can be utilized each year for reporting. Using certified CBM data linked to the student ACADPLAN, the associated CIP code appears to be the most technologically sound methodology to organize the various student declared majors at UHCL. All data for program review by program will be aggregated by graduate and undergraduate career and demographic characteristics will be provided for all of the programs listed. Please review the list below and let us know if you have any changes. If there are programs that you would like combined, an excel data file will be made available to assist in that process. **Thank you very much for your review.**

A column for your comments is included.

Note From Catherine Parsonault, Senior Education Specialist, Texas Higher Education Board: Programs are not funded; courses are funded. Courses should be assigned CIP codes based on their content. Thus, an “engineering” program may have courses from a wide variety of CIP codes within its degree plan, and each course will be funded based on its CIP designation, NOT the designation of the program to which it contributes. The courses required for the degree appear to have been assigned to various CIP codes, depending on their 4-letter prefix. April 27, 2010

University of Houston-Clear Lake
Office of Institutional Effectiveness
Program Profiles: Summer 2007 - Summer 2011 Trends
Report compiled on September 2011

Data Definitions

Query used = PEGGY_UHCB_001_ONLY

Classification	Undergraduate or Graduate based on item5 of the CBM-001 report. Junior and Senior level students, as well as Post-Baccalaureate students are coded as Undergraduates. Master's Level - a student possessing a baccalaureate degree or the equivalent and admitted to an approved master's degree program at the institution As of Fall 2007 Doctoral students are included in the Graduate category.
-----------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Gender	Gender. Enter the gender of the student. M = Male F = Female
---------------	------------------------------------------------------------------------------------

Status	Full-time (12 or more semester credit hours for Undergraduates) or Part-time (less than 12 semester credit hours for Undergraduates). Full-time (9 or more semester credit hours for Graduates) or Part-time (less than 9 semester credit hours for Graduates). The Semester credit hours reported for each student on the CBM-001 were recoded using an spss syntax.
---------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Ethnic Origin	Ethnic Origin. Enter the code indicating the ethnic origin of the student.
----------------------	----------------------------------------------------------------------------

- 1 White-Non-Hispanic
- 2 Black-Non-Hispanic
- 3 Hispanic
- 4 Asian
- 5 American Indian
- 6 International
- 7 Unknown or Not Reported
- 8 Native Hawaiiin
- 9 Multi-racial

Data Definitions

Ethnic Origin continued

In accordance with IPEDs, as of summer 2010 there are two additional ethnic origin categories listed.

International denotes a person who is not a citizen or permanent resident of the United States and who is in this country on a temporary basis and does not have the right to remain indefinitely.

- a) Even though a student is allowed to pay the "Resident Tuition" rate due to a waiver (coded 'E' in Item #7), report with the international code.
 - b) Report the ethnicity of students who were coded 'A' in Item #7.
 - c) Continue to report students who have applied to or have a petition pending with the Bureau of Citizenship and Immigration Services and students who base their residency on visas that allow them to domicile in the U.S. as international students.
 - d) Unknown or Not Reported: The unknown classification should only be used if the student has not selected a racial/ethnic designation and the institution finds it impossible to place the student in one of the categories during enrollment, post-matriculation, or verification processes.
-

First Time or

Transfer

First Time or Transfer students are recorded on the certified CBM-001 report and represent students entering the reporting institution for the first time but who have previously attended another postsecondary institution at the same level (e.g., undergraduate to undergraduate or graduate to graduate). This does not include an institution's own graduates who re-enter for further education in the same academic level. This variable does include an institution's own graduate students who are accepted into a master's or doctoral program for the first time.

A "No" for this variable would indicate a continuing or returning student.

Age category

This item is calculated using item6 (date of birth) on the CBM-001 report. The item is then recoded into a year and the birth year is subtracted from the reporting year to obtain age for the student. This methodology differs from previously published OIE reports and has been made simpler due to avoid mis-coding issues and provide more consistent data.

Tuition status indicates the status of the student for tuition purposes. Measures were implemented to provide a greater level of accuracy for this variable. However, this variable is not a reliable indicator for how tuition may have actually been charged to students.

Figure 17: Data Definitions

Semester	The total number of credit hours attempted by students for the current semester using the CBM-001 report.
Credit Hours	This item was recoded into categories for easier trend analysis of student load.
