UHCL - Alumni Survey - 2009-2010

Summary Report - Total UHCL No Written Comments

1. Gender

Response Rate: 99% (N=349) Question Type: Choose one

Male	140	40%
Female	209	60%
Total Responses	349	

NOTE 1: Of the 9,917* UHCL Alumni invited to take the UHCL Alumni 2009-2010 Survey, 350 Alumni were from all the schools . (150 UGRD and 194 GRAD and 6 unidentified degrees) UHCL Alumni completed the survey resulting in a 3.5% response rate.

**The original request from OIR for email distribution of the UHCL Alumni Survey through Convio stated only UHCL Alumni who graduated from 2009-2010 should be invited to take this survey. However, all UHCL Alumni were inadvertently invited. The large number of recipients has substantially lowered the overall response rate.*

NOTE 2: All NON-answered questions are EXCLUDED. Please note that this will change the TOTAL number of responses for each question since data vary according to whether students chose to respond or not respond to questions.

NOTE 3: All Likert scale questions include a mean calculation. Following each Likert scale response, the weight value is listed in parenthesis. Weighted responses of '0' (i.e., Not Applicable or No Opinion) are not included in the mean calculation.
