

Graduating Student Survey College of Human Science and Humanities Fall 2021

By the Office of Institutional Effectiveness

Summary of the Survey

The purpose of the Graduating Student Survey is to determine the level of satisfaction of students with their recent higher education experience at the University of Houston-Clear Lake (UHCL). In addition, we solicit the student's opinions regarding which areas or issues need improvement to ensure that UHCL maintains the highest quality of instruction and support. Finally, the percentage of students who would recommend UHCL to family or friends is included in the UHCL progress card each year and is on the next page.

We conduct the Graduating Student Surveys in the fall, and spring semesters using Qualtrics, a cloud-based software often used to capture a user's experience. The Office of Institutional Effectiveness sent an invitation to all students who applied for graduation during the Fall 2021 semester to complete the survey on October 27. The survey was active through December 12, 2021. The following pages summarize data collected in the Graduating Student Survey Fall 2021 by those who intend to receive a degree from the College of Human Science and Humanities.

The final reports are posted online at:
