Certification of No Boycott of Israel Form

If Contractor/Vendor is a “company”, as that term is defined in Section 801.001 of the Texas Government Code, Contractor/Vendor certifies and verifies that it: (i) does not boycott Israel and (ii) will not boycott Israel during the Term of this Agreement.

Form requirements:

- This certification is required by Texas Government Code § 2270.002.
- This form is required to be attached to all Purchase Orders (goods) and Contracts (services), regardless of whether Contract requires the creation of a Purchase Order.
- The campus department making the purchase of goods or contracting for services is responsible for obtaining the form from the Vendor or Contractor.

Texas Government Code §808.001 states that "Boycott Israel" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. Furthermore, Texas Government Code §808.001 states that the term “company” means a “for-profit sole proprietorship, organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or limited liability company, including a wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of those entities or business associations that exists to make a profit”.
