

MINOR IN INSTRUCTIONAL TECHNOLOGY

The 15-hour minor in Instructional Technology (INST) in the School of Education will prepare students to design technology-rich learning environments and to become comfortable with adopting emerging technologies to facilitate learning. The application of instructional technology in business and education sectors will be examined as students gain skills in the design and development of technology-based applications. Students would find career paths in areas of support for web-based and digital learning environments as well as areas of teaching and training. There is only one prerequisite before enrolling in the other four courses. A list of courses for the Minor in INST is as follows.

SOE Requirements	UHCL Course Title	TCCNS*	CODE
Required Courses (15 hours):	INST 3313 Survey of Instructional Technology		
	INST 4535 eLearning		
	INST 4537 Multimedia for Instruction		
	INST 4635 Web Development		
	INST 4931 Special Topics in Instructional Technology		

General Minor Requirements

- Students must complete at least a minimum of 15 hours in the minor field.
 - At least 9 must be at the upper level (3000- and 4000-level classes).
 - At least 6 of the upper-level credits must be taken at UHCL.
- Students must declare the minor before completing 90 hours towards their degree plan.
- Students must earn a 2.00 minimum cumulative grade point average on courses in the minor at the University of Houston-Clear Lake. (GPA requirement may be higher in some minors.)

Some minors are associated with disciplinary programs, and some are interdisciplinary. Although the minor will not appear on your diploma, it will be noted on your transcript, which would be seen by future employers and others who review your academic record.

Keep in mind that because minors will require no fewer than 15 semester hours of course work, excluding prerequisite courses, **you must have 15 hours of electives available in your major degree plan.** Course substitutions to the minor degree plan may be made with the approval of both the major and minor advisors. Also, adding a minor to your program of study may not result in graduation requirements that exceed the approved length of your original degree plan and that the minor must be completed prior to graduation, not afterwards.

For more information, see the general and program requirements in the *Undergraduate Catalog*. For questions and academic advice, please contact the faculty member listed for each minor.
