MASTER OF ARTS IN BEHAVIOR ANALYSIS AND
CERTIFICATE IN APPLIED BEHAVIOR ANALYSIS

Program Description and Admission Information

Revised January 2019

Priority Deadline for M.A. Program: January 5
Priority Deadlines for Certificate-Only Program: March 1 (for fall admission) and October 1 (for spring admission)
WHAT IS APPLIED BEHAVIOR ANALYSIS?

Applied behavior analysis is a science aimed at improving socially significant behavior through the application of learning principles, typically at the level of the behavior of the individual rather than of the group. The methods are empirically driven and focus on understanding, predicting, and changing behavior by examining interactions between directly observable behavior and the environment.

Research and practice in applied behavior analysis is wide-ranging, including work in developmental disabilities, behavioral medicine, and education. The effectiveness of behavior analytic interventions, along with the field's focus on accountability in service delivery, has generated a growing demand for professionals with expertise in applied behavior analysis.

Consumers of these services include public and private schools, state agencies, and various other non-profit and for-profit organizations. Most recently, the demand for applied behavior analysts who can provide school- or home-based services for individuals with disabilities, such as autism, has exploded both nationally and locally, as behavioral interventions are now considered the treatment of choice for this population. The demand for Master’s level Board Certified Behavior Analysts (BCBA’s) is now growing at a rapid pace.

BEHAVIOR ANALYSIS AT UHCL

The goal of the Behavior Analysis M.A. Program is to provide students with a well-rounded foundation in applied behavior analysis through an integrated sequence of coursework, practicum, and research activities.

Students obtain competency in the basic principles of learning and the application of these principles with particular emphasis on interventions for individuals with developmental disabilities. Practicum and research experiences are provided in home, school, hospital, and clinic settings. All students complete a major research project prior to graduation.

The program, which is accredited by the Association for Behavior Analysis-International® Accreditation Board includes a course sequence and supervised experience that have been verified by the Behavior Analyst Certification Board, Inc®. Students completing the coursework and practicum requirements of the program will be eligible to sit for the Board Certified Behavior Analyst (BCBA) exam and to become Licensed Behavior Analysts in Texas. Furthermore, graduates will be prepared to pursue doctoral degrees in psychology or behavior analysis.

The Applied Behavior Analysis Certificate is designed for individuals who have already earned a master’s degree in Psychology or Education and who would like to complete the coursework and practicum required to sit for the Board Certified Behavior Analyst exam and to become Licensed Behavior Analysts in Texas.
PREREQUISITES

Bachelor's Degree or higher, preferably in a related field such as psychology, education, or special education. In addition, applicants should identify coursework or practical experience associated with Behavior Analysis.

**Research and field experience under the supervision of a BCBA/UHCL faculty member in home, school, or clinic settings. Requires completion of a research project and 20 hours per week of field experience in home, school, or clinic settings for two semesters (3 credits per semester).**
SAMPLE SCHEDULE (M.A. PROGRAM)

- **Fall Year 1**: Learning, Applied Behavior Analysis, Ethics 
- **Spring Year 1**: Behavioral Assessment, Research Methods, Elective 
- **Fall Year 2**: Behavioral Interventions I, Verbal Behavior, 
- **Spring Year 2**: Behavioral Interventions II, Conceptual Issues 
- **Fall and Spring Year 3**: Staff Training/Management; Advanced Topics in EAB; Research & Practicum

ABA CERTIFICATE-ONLY PROGRAM

**Prerequisites**

Applicants must have a Master's Degree in behavior analysis, psychology, education, or special education from an accredited university.

Students enrolled in the ABA Certificate Program complete the following (30 hours):

- PSYC 5235 Learning Principles 3 hours
- PSYC 6238 Applied Behavior Analysis 3 hours
- PSYC 6338 Ethics and Professional Issues in Behavior Analysis 3 hours
- PSYC 6339 Research Methods in Behavior Analysis 3 hours
- PSYC 6031 Behavioral Assessment 3 hours
- PSYC TBD Staff training and management 3 hours
- PSYC 6239/6331 Behavioral Interventions 1 and II* 6 hours
- PSYC 6330 Research & Practicum in Applied Behavior Analysis** 6 hours

*This seminar course covers specialized applications of behavior analytic principles and methods; course includes class meetings and requires at least 20 hours per week of field experience under the supervision of a BCBA in home, school, or clinic settings. This course is taken for two semesters (3 credits per semester).

**Research and field experience under the supervision of a BCBA in home, school, or clinic settings. Requires completion of a research project, passage of a comprehensive exam, and at least 20 hours per week of field experience in home, school, or clinic settings for two semesters (3 credits per semester).

ABA FACULTY

**Full Time Faculty**

Fritz, Jennifer N., Associate Professor (Ph.D., BCBA-D; University of Florida -- 2008)  
Assessment, treatment, and prevention of severe behavior disorders; autism and developmental disabilities; and caregiver training

Lechago, Sarah A., Associate Professor (Ph.D., BCBA-D Western Michigan University - 2009)  
Verbal behavior, motivating operations, treatment of autism and other developmental disabilities, social skills training
Students wishing to enroll in the Behavior Analysis Program or ABA Certificate Program must formally apply. Applications to the M.A. program are accepted for the **fall semester only**. Applications for the certificate-only program are accepted for the fall and spring semesters. Additional information can be obtained by contacting the Program Director, Dorothea Lerman (281-283-3437; behavioranalysis@uhcl.edu).

Application requires both **Steps 1 and 2** below be completed.

**Step 1: Apply for admission to the University of Houston-Clear Lake:**

a. Complete the ApplyTexas online university application and pay the university admission application fee. Go to www.uhcl.edu. Select the “Admissions” tab, and click on “Apply” near the top of the page. Once you create a profile, you will complete the application. Select U.S. Graduate Application. If applying to the master’s program, select HSH-Behavior Analysis MA as your major. If applying to the certificate program, select HSH-Applied Behavior Analysis Certificate. The university application should be completed as early as possible before the admissions deadline to allow adequate time for the Office of Admissions to process the application and evaluate transcripts.

b. Submit GRE scores (not more than 5 years old) through the standard reporting procedures (Not required for Certificate-Only applicants)

c. Submit official transcripts from all institutions attended. Transcripts should be mailed to this address:

   Office of Admissions  
   University of Houston-Clear Lake  
   2700 Bay Area Blvd.  
   Houston, TX 77058

**Step 2: Submit Additional Supporting Documents for the Behavior Analysis Program**

(a) You will be assigned a UHCL E-Services account after you have completed the ApplyTexas online application. You will receive an e-mail with instructions on how to access your account. The following supporting documents must be uploaded to your UHCL E-Services account (see additional, detailed instructions at the end of this packet):

- Curriculum Vita: An expanded résumé describing previous education; all work experience; relevant course work and relevant volunteer activities; any honors, presentations, papers, avocations or other relevant life experiences
- Brief Essay: A statement of purpose and goals, not to exceed 1,000 words, describing your reasons for wanting this degree and how it fits into career goals.

(b) Two letters of recommendation, preferably at least one from an academic source, should be submitted directly by the recommenders to behavioranalysis@uhcl.edu. No form is required. Recommendations from academic faculty and/or work supervisors who know you well are especially important.

Deadline for Application:

For the M.A. Program, review of applications for fall admission will begin on January 5 of each year. Applications submitted after this date will be reviewed on a case-by-case basis. Applications to the ABA Certificate-Only Program must be submitted by March 1 to receive consideration for the fall semester and October 1 to receive consideration for the spring semester. It is the applicant’s responsibility to ensure that his/her application for university admission and supporting transcripts are received by the UHCL Office of Admissions, that all additional supporting documents have been uploaded, and that letters of recommendation are submitted directly by the references. All applicants can check the status of their application by logging into their accounts.

Required Application Materials Checklist:

- ApplyTexas University Application
- Transcripts
- GRE scores (M.A. Applicants Only)
- Curriculum Vitae
- Brief Essay
- Two Letters of Recommendation

Additional information regarding applications:

Any evidence of tampering with recommendations or transcripts could result in disqualifying the applicant from admission. Applicants should note that admission to graduate status at the university is not equivalent to admission to the Behavior Analysis Program or ABA Certificate Program. Applicants are not admitted into the Behavior Analysis M.A. Program or Certificate Program until they receive formal notice from the Behavior Analysis Admissions Committee that they have been accepted.
