

There is more crime and espionage committed today through cyber space than through all other ways put together. The Cyber Security For Decision Makers: A Non-Technical Presentation event is designed to educate decision makers about the issues surrounding cyber security of their information systems and the need to change many of the strategies that have been in place for many years.

The Cyber Security Institute at University of Houston-Clear Lake invites you to the

CYBER SECURITY FOR DECISION MAKERS: A NON-TECHNICAL PRESENTATION

Gilruth Center, NASA-Johnson Space Center
2101 E. Nasa Pkwy (Entrance from Space Center Blvd.)

Tuesday, December 10, 2013

Seminar Hours: 8:30 a.m. – 4:30 p.m. Lunch included.

Presentations:

- **“The Trouble with Cyber Security Is...”** *Ross A. Leo, CISSP, CHS-III*
Starting with the basics of Cyber Security.
- **“Cloud Computing Dangers and Pitfalls”** *Ernesto F. Rojas, Founder and President Forensic & Security Services Inc.*
What is cloud computing? What are the problems of implementing cloud computing without adequate knowledge of this new environment?
- **“Malware, What is it, Where is it and How Did it Find Me?”** *Rob Davis, Leidos Cyber Security Line Business Manager*
The different flavors of Malware and why you care!
- **“Eight Strategies to Reduce Your Risk”** *Sheryl Falk, Esquire, Winston and Strawn LLP*
Strategies you can take back to your organization to reduce your company’s risk in the event of a data breach.
- **“America’s Biggest Threat: Economic Espionage”** *T. Casey Fleming, Chairman and CEO BlackOps Partners Corporation*
The impact of today’s Economic Espionage threat on U.S. companies and the U.S. Economy
- **“A New Battleground”** *Major Steve Schippers, U.S. Army*
The Modern Army and Cyber Security
- **“FBI Houston, we have a problem”** *Angela Haun, Special Agent, FBI*
How to engage the FBI when an intrusion is detected and how to prevent the next attack.
