

CYBER SECURITY INSTITUTE PRESENTS

CYBER SECURITY FOR DECISION MAKERS:

A Non-Technical Presentation

The Gilruth Center

2101 E Nasa Pkwy
Houston, TX 77058

Tuesday, December 10, 2013

Seminar Hours: 8:30 a.m. – 4:30 p.m.

Lunch included.

This event is designed to educate decision makers about the issues surrounding cyber security of their information systems and the need to change many of the strategies that have been in place for the past 20 years. Many of those concepts have been made obsolete by the continuum of technology changes that have emerged since the turn of the century.

Some of the Proposed Topics are:

- A layman's explanation of cyber security
- Changing landscape of attacks
- Dangers of cloud computing
- Security and your people
- Protecting intellectual property
- Employee mobile devices in the business
- Eight legal action items you can take to reduce your company's data risk
- Negotiating with your vendors to protect your data and your bottom line
- Drilling down: Reviewing employee policies to safeguard your data
