

Preparing for the Secondary Level Content TEXES

There are many resources to help you prepare for and be successful on the state teacher certification exams (TEXES).

The first resources you should become familiar with are the free Educational Testing Service (ETS) preparation materials.

- Go to www.texas.ets.org/prepMaterials/ to find the manual specific to the exam for which you are preparing. These manuals give you the best idea of the type of material that is covered in the actual TEXES, with several practice questions for each competency.
- **Tests at a Glance**—these documents give you a quick overview of the test. Go to <http://cms.texas-ets.org/texas/prepmaterials/tests-at-a-glance/>.
- **Test Familiarization Videos** provide information about how to get ready to take a test and what it's like to take a test. Go to <http://cms.texas-ets.org/texas/prepmaterials/test-familiarization-videos/>.

- **Interactive Practice Tests** are full-length practice tests that include correct answers, explanations for correct answers and an automatic score summary report. Currently available for 7-12 Mathematics and 7-12 Science only. Go to <http://cms.texas-ets.org/texas/prepmaterials/texas-preparation-manuals/interactive-practice-test/>.
- **Strategy and Tips** include booklets containing general information about preparing for and taking a test, including reducing test anxiety. Go to <http://cms.texas-ets.org/texas/prepmaterials/strategy-and-tips/>.

The next step in preparing for the state exam(s) is to take a full-length practice exam, developed by TEA and ETS. You will take the ETS practice exams for your PPR and content area(s) in TCED 4100, Senior Seminar EC-12. You may also take these same ETS practice tests through the State Assessments Coordinator for the School of Education, who administers them about once a month. Check the state exams bulletin board outside the SOE Advising Office, Bayou 1231, or go online to find the latest practice test dates: <http://www.uhcl.edu/portal/page/portal/SOE/>

If you feel you need additional preparation for an exam, you might want to use one of the resources from the following lists. Some of these resources are free, some are not. They are not listed in any particular order and none are recommended over any others.
