

# SURFACE WATER QUALITY MONITORING TRAINING

ONLINE REFRESHER COURSE: MARCH 2, 2026  
IN-PERSON COURSE: MARCH 4, 2026

This training can serve as the required biennial Clean Rivers Program training for monitoring partners. Participants learn the theory and methodology of SWQM procedures.

## Online Refresher

The online refresher session is designed for current monitoring partners who need to maintain their biennial training requirements. This session reviews key protocols but does not include any hands-on fieldwork.

## In-Person Course

The in-person session is intended for new monitoring partners or those who need to meet program training requirements due to a lapsed status. This option includes classroom instruction along with hands-on fieldwork in local streams and bayous. Lunch included.

## COURSE COSTS

Online Refresher: \$125\*/\$175

In-person Course: \$350\*/\$400

\*Early bird rate available through Jan. 31.

## REGISTRATION

Registration is available at  
[bit.ly/eihtraining](http://bit.ly/eihtraining)
