Curriculum Committee – Becky Huss-Keeler, Chair

The Faculty Senate Curriculum Committee met via Zoom from 12:30-2:10 on Tuesday Sept. 14, 2020. Four proposals were considered:

- EDCI 6 hours of dissertation credit from COE presented by Dr. Kent Divoll. These credit hours were approved in 2014, however it never made it completely through shared governance. It was listed in the catalog incorrectly as 12 credits. The proposal actually applied to both EDCI and EDLS in COE. After clarification, the proposal was voted on and passed.
- Geo/Tech Minor from CSE- presented by Dr. Cindy Howard. This proposal was found to be quite similar to a current minor in HSH, the GIS/Geospatial Minor. The committee decided it needed CSE to clarify the differences and then resubmit the proposal. It supported the two colleges working together on these minors.
- Education Abroad changes- Ms. Bianca Schonberg-International Initiatives Office- The office is attempting to institute specific procedures for Study Abroad which can go in the catalog and be clear to students and faculty. Both faculty led study abroad and Third Party study abroad initiatives would fall under this new policy. After additional clarification and provision of a form students must fill out to demonstrate that students have spoken with their faculty or academic advisor to ascertain the course taken abroad will fit within their degree plan, the measure passed.
- Extension of the TEMPORARY TEST OPTIONAL POLICY- Our UHCL Test Option Policy only extended to August 10, 2021, unlike the other UH System Campuses which extended to 2022 due to limited availability of SAT and other qualifying exams due to COVID. The committee passed the proposal and recommended that the August 10 date stand, but that it be extended to August 10, 2022.
