Delta Computing & Engineering Colloquium

Hosted by the College of Science & Computer Engineering
Monday, October 2, 2017
Delta 241, 11:30 a.m. – 12:30 p.m.

Online course development tool BBTEMP template, to prototype, build, link and maintain a Blackboard (BB) course.

Dr. James Helm
UH-Clear Lake

This paper/topic presents a simple web template BBTEMP that can be used to help build, link and maintain your Blackboard (BB) course on your computer verses being linked to the Blackboard server. I will discuss some reasons for using the template. A web development tool (Microsoft Expression Web 4) you will need to build your module folders and files within the my_file (BB) folder fo relative linkage (../my_file/file.htm). I will first discuss BBTEMP functions compared to the users Blackboard Course Management > Files.

Host: Dr. James Helm
Refreshments will be served from 11:00 a.m. – 11:30 a.m.!

Contact Information: Dr. Ahmed Abukmail
2700 Bay Area Blvd., Delta Building 169, Houston, TX 77058
