

## U.S. INDUSTRIAL HYGIENE OFFICER

Navy Industrial Hygiene Officers (IHOs) are tasked with supporting the health and safety of service members by recognition, evaluation, and control of hazards in Shore, Field and Deployed environments.

- Provide direction worldwide to the Department of the Navy (DON) Environmental and Occupational Health, Industrial Hygiene, and Safety programs
- Serve as advisors for environmental and occupational health issues to reduce injury and disease risks among Navy and Marine Corps personnel, both afloat and ashore
- Lead large multidisciplinary departments and directorates such as Occupational Health and Preventive Medicine, fill critical staff positions at higher headquarters commands, and provide technical expertise at research facilities and laboratories
- Conduct inspections and training functions in industrial or operational settings aboard ships, at shore-based workplaces or in the field with Navy Sailors and Marines

### Benefits:

- Gain leadership experience
- Upward mobility / Promotions
- Advanced degree programs available (for Active Duty)
- Tax free pay
- Global travel
- 30 days of paid leave per year

### Eligibility Requirements:

- Citizenship - Must be a U.S. Citizen
- Age - Commission by age 42
- Health - Must meet the Navy's physical requirements.
- Legal – must pass background check and be eligible for security clearance.
- Education - M.S. with IH concentration + experience (resume review required).
- Certification – American Board of Industrial Hygiene (ABIH) is preferred.
