

## NMFS SG Fellowships

The 2018 NOAA Fisheries / Sea Grant Fellowship Federal Funding Opportunities for **Population and Ecosystem Dynamics** and for **Marine Resource Economics**, have been posted to [Grants.Gov](https://www.grants.gov).

Please access our Texas Sea Grant website for Fellowship application information, guidelines and for 90-2 and 90-4 templates specific to each opportunity:

<http://texaseagrant.org/funding/population-dynamics-fellowship/>

<http://texaseagrant.org/funding/marine-resource-economics-fellowship/>

### **Please note the following important information for processing applications:**

- Students should submit applications to a Sea Grant Program and not submit information directly into [Grants.Gov](https://www.grants.gov);
- Sea Grant Programs must transmit the application on behalf of the applicant via [Grants.gov](https://www.grants.gov) by February 23, 2018 5:00 EST.
- **Submit required application elements to Mia Zwolinski, Texas Sea Grant Research Coordinator at [mzwolinski@tamu.edu](mailto:mzwolinski@tamu.edu) by *January 26, 2018 5:00 PM CST*.**
- Texas A&M Sponsored Research Services will populate and upload documents to the [grants.gov](https://www.grants.gov) application file and will submit the application by February 23, 2018 5:00 EST.
- Additional application information can be found on the NOAA Fisheries/Sea Grant Fellowship website at the links below.
