RE: Chief Executive Officer Reporting Requirements under Tex. Educ. Code § 51.253(c)

Under the Texas Education Code (TEC), Section 51.253(c), the institution's Chief Executive Officer is required to submit a data report at least once during each fall or spring semester to the institution's governing body and post on the institution's website a report concerning the reports employees received under the TEC, Section 51.252, where the type of incident described in the employee's report constitutes "sexual harassment," "sexual assault," "dating violence," or "stalking" as defined in the TEC, Section 51.251, and any disciplinary actions taken under TEC, Section 51.255.

For the purpose of complying with the Chief Executive Officer's reporting requirements under the TEC, Section 51.253(c), the attached summary data reports¹ (Appendices A-D) includes all of the required reporting information to the **University of Houston System – Board of Regents** for the first two quarters of the 2020 calendar year, as of **June 30, 2020**. The reports received may be applicable in multiple reporting categories, and therefore, the summary data in the categories may not add up to the totals of other categories.

The summary data report will also be posted on each campus's Title IX webpage per the public reporting requirements under the TEC, Section 51.253(c).

Note: Any additional reports received by the Title IX Coordinator that do not meet the required reporting criteria in the TEC have been omitted.

¹ When identifiable, duplicate reports were consolidated and counted as one report in the summary data. Confidential employee reporting is noted as a sub-set to the total number of reports received.

Appendix E: Glossary

Number of reports received under Section 51.252	Reports made by students and all other non-employees (including incidents under 3.5(d)(3)) are excluded from Appendices A and B. Additionally, if a Title IX Coordinator determines that the type of incident described in a report, as alleged, does not constitute “sexual harassment,” “sexual assault,” “dating violence,” or “stalking” as defined in the TEC, Section 51.251, the report is excluded from Appendices A and B. It is the responsibility of the Title IX Coordinator to assess each report received and determine whether it is properly included in this report, and if so, to correctly identify the type of incident.
Number of confidential reports under Section 51.252	“Number of confidential reports” is a sub-set of the total number of reports that were received under Section 51.252, by a confidential employee or office (e.g., Student Counseling Services or Student Health Services).
Disposition of any disciplinary processes for reports under Section 51.252	“Disposition” means “final result under the institution’s disciplinary process” as defined in the Texas Higher Education Coordinating Board’s (THECB) rules for the TEC, Section 51.259 [See 19 Texas Administrative Code, Section 3.6(3) (2019)]; therefore, pending disciplinary processes will not be listed until the final result is rendered.
Formal Investigation	Per the UH-System Policy, a formal investigation is initiated when the complainant or University files a formal complaint against the respondent.
No Finding of Policy Violation	“No Finding of a Policy Violation” refers to instances where there is no finding of responsibility after a formal investigation and an appeal process.
Number of reports under Section 51.252 for which the institution determined not to initiate a disciplinary process	The institution may have determined “not to initiate a disciplinary process.” The reasons for not initiating a discipline process can include, but are not limited to: administrative closure; insufficient information to investigate; confidential employee reporting (no identifiable information); the respondent’s identity was unknown or not reported; the respondent was not university-affiliated; the complainant requested the institution not investigate the report; informal resolution was completed; the investigation is ongoing; or the formal investigation was completed with a preponderance of evidence not met.
